LED DISPLAY TECHNOLOGY

The military highly values LED displays for their ability to clearly communicate messages to their personnel and civilians. Optec's wide range of outdoor LED displays offer a combination of exceptional image quality and straightforward usability.

Our outdoor LED displays combine Optec's optimized graphic and video processing capabilities with superior LED brightness and resolution to add outstanding clarity and depth to displayed content — all within an all-weather tested, easy-to-service cabinet design.

In addition to our cutting-edge display technology, Optec's dynamic software solutions, content creation services, and U.S. based Care team work to provide exceptional customer experiences. Our LED displays give the military increased visibility and lasting value through our innovative products, services, and support.

PREMIER VISUAL EXPERIENCE

Optec selects only the finest LEDs to ensure the highest visual performance, uniform brightness, color, and energy efficiency.

DESIGNED TO WOW BUILT TO LAST

We believe in creating the most reliable, straightforward, and efficient LED display products to fit your unique design and technical specifications.

EASE OF USE

Optec develops intuitive software designed to enable users to deliver engaging content experiences via desktop or cloud.

SUPPORT

Optec is here to help. With North American sales consultants and U.S. based technical advisors, we offer installation and training support via phone, online, or in person.

Clear Communication Drives Results

Increase visibility and communicate clearly to the community around you. Attract, direct, and drive noticeable results with Optec's comprehensive range of innovative LED display solutions for the military.

Optec LED displays are ideal for:

- Military Airbases, Camps & Outposts
- Naval Bases & Air Stations
- Marine Corps Bases
- Main Operating Bases (MOB)
- Armories & Arsenals
- Barracks, Stations & Installations
- Joint Bases
- Dockyards, Shipyards & Yards
- Federal Buildings
- Military Schools & Institutions
- DOD Facilities

Decisions are made together, with confidence.

Optec's specialized dealers and sales consultants are experts at addressing the technical factors that go into specifying the right LED solution. They will guide you through the process and will assist you in selecting your display with confidence.

Once you've decided to purchase an Optec display for your location, the buying process is simple:

Put Optec's innovative LED display solutions to work for you. Contact your Optec dealer or sales consultant for more information.
