LED DISPLAY TECHNOLOGY

Houses of worship highly value LED displays for their ability to clearly communicate messages to their communities. Optec's wide range of outdoor LED displays offer a combination of exceptional image quality and straightforward usability.

Our outdoor LED displays combine Optec's optimized graphic and video processing capabilities with superior LED brightness and resolution to add outstanding clarity and depth to displayed content — all within an all-weather tested, easy-to-service cabinet design.

In addition to our cutting-edge display technology, Optec's dynamic software solutions, content creation services, and U.S. based Care team work to provide exceptional customer experiences. Our LED displays give houses of worship increased visibility and lasting value through our innovative products, services, and support.

PREMIER VISUAL EXPERIENCE

Optec selects only the finest LEDs to ensure the highest visual performance, uniform brightness, color, and energy efficiency.

DESIGNED TO WOW BUILT TO LAST

We believe in creating the most reliable, straightforward, and efficient LED display products to fit your unique design and technical specifications.

EASE OF USE

Optec develops intuitive software designed to enable users to deliver engaging content experiences via desktop or cloud.

SUPPORT

Optec is here to help. With North American sales consultants and U.S. based technical advisors, we offer installation and training support via phone, online, or in person.
